**Area: Service**

**Release Date: September 4, 2020**

**Re: SSP Embargo of Select Stations**

SSP Railway has experienced an interruption of rail service to all SSP stations south of a bridge at Milepost 52.3. The interruption of service was caused by extensive fire damage to the bridge. This fire sourced from a nearby property unrelated to SSP. In response to this force majeure event, the SS&P has issued AAR embargo #SSP000120 through Railinc, suspending all traffic to and from all stations south of the bridge at Milepost 52.3. **There will be no service interruption to rail traffic residing north of MP 52.3.**

SSP is working with the underlying owner of the Railroad property regarding next steps. A list of stations and a map of the affected area are included.
